MINNEAPOLIS (WCCO) — A decades-old roller skating rink in southern Minnesota was completely destroyed in a fire Saturday night.

[KIMT reports four fire departments responded](#) to the Rohler Rink in Brownsdale just before 11 p.m., and the fire was extinguished around 4 a.m. Sunday.

Two Brownsdale firefighters were injured while fighting the fire. One was treated at the scene, and the other was taken to a hospital, but is expected to be OK.

Former customer James Clayton told KIMT the rink burned down before, in 1959.

"We were bummed out because we couldn't go roller skating anymore," he said. "Yeah. It was our main thing to do in town. Without that there wasn't much to do in this town so."

It remains unclear whether Rohler Rink will be rebuilt again. The cause of the fire is unknown.

Thousands face power outages in Virgin Islands

Power outages Monday are affecting tens of thousands of people in the U.S. Virgin Islands. The power outages, which are focused on St. Thomas and St. John, were caused by failures in power plant generators on the U.S. territory, but the cause of the failures in the generators is not clear, according to officials, The Associated Press reported. The outage started before
